My Portfolio: <https://my-portfolio-three-sooty-77.vercel.app>

PROFILE

AI / NLP Engineering candidate with hands-on experience in LLM fine-tuning, intent classification, QA generation, and data pipeline development. Built NLP systems using LLaMA 3, Gemma 4, BERT-BiLSTM, QLoRA, and knowledge distillation, achieving 96.22% classification accuracy and published research with a Best Paper Award. Seeking to apply NLP, data analysis, and AI engineering skills to build practical language systems for real-world business and user problems.

EDUCATION

Feng Chia University

Major in **Industrial Engineering and Systems Management**

Feng Chia University | Sep 2022 – Jun 2026

GPA: 3.9 / 4.3 | Expected Graduation: Jun 2026

4+1 Bachelor's–Master's Program

SKILLS

- **Programming:** Python, SQL, R
 - **AI / Machine Learning:** PyTorch, Hugging Face Transformers, Unsloth, QLoRA, Knowledge Distillation, Model Evaluation
 - **NLP / LLMs:** LLM Fine-tuning, Text Classification, QA Generation, Prompt Engineering, Semantic Similarity Analysis
 - **Data Analysis:** Pandas, NumPy, Data Cleaning, Data Preprocessing, Feature Engineering, Statistical Analysis
 - **Database:** SQL Server, Relational Database Design, Structured Data Management
 - **Tools:** Linux, Jupyter Notebook, Git, Vercel, Supabase
-

PROJECTS

A Personalized Marketing Copy Generation System Based on LLaMA 3 Model

- Fine-tuned **LLaMA 3 8B with QLoRA** on **78K marketing text samples** using Python to build a personalized marketing copy generation system aligned with consumer preferences.
- Evaluated generation quality using **BLEU, METEOR, and human assessment**, achieving **BLEU-3 18.92, BLEU-4 14.44, METEOR 23.62**, and human evaluation scores of **0.89 fluency, 0.87 diversity, 0.80 relevance, and 0.85 attractiveness**.

Intent Classification & QA Generation with Gemma 4 and Knowledge Distillation | Ongoing

- Developed an end-to-end NLP pipeline for **intent classification and QA generation** using **BERT-BiLSTM, Gemma 4, and teacher-student knowledge distillation**.
- Achieved **96.22% Accuracy** and **96.20% F1-score** in intent classification by combining deep learning models with structured data preprocessing and model evaluation.
- Cleaned, filtered, and formatted **69,477 high-quality QA pairs**, then fine-tuned Gemma 4-E4B with QLoRA and Unsloth to support domain-specific response generation.

RESEARCH EXPERIENCE

Research Assistant – Code Annotation Generation using Myers Diff and LLaMA 3 Aug 2025 – Present

- Supported an AI research project for automated code-change annotation generation by integrating Myers Diff Algorithm, deep learning classification, and LLaMA 3.
- Processed GitHub code-change data using Python, including before-and-after code extraction, diff block identification, and structured dataset preparation for model training.

TEACHING EXPERIENCE

Teaching Assistant – Decision & Data Analysis Sep 2025 – Jan 2026

- Guided students in applying data preprocessing, exploratory analysis, model building, and performance evaluation techniques to complete analytical assignments.
- Explained database concepts and SQL operations through hands-on exercises, helping students strengthen practical data management skills.

Teaching Assistant – Database Management System and Design Feb 2025 – Present

- Guided students in designing relational database schemas and writing SQL queries through hands-on exercises, improving their ability to manage structured data for analytical projects.
- Explained analytical results and technical concepts in an accessible way, helping students translate data insights into practical decision-making recommendations.

CONFERENCE EXPERIENCE

➤ **Best Paper Award – Big Data Technology and Applications Track, 2025 CIIE Annual Conference**

A Personalized Marketing Copy Generation System Based on LLaMA 3 Model

➤ **Accepted Paper, The 14th International Conference on Computer and Communications Management (ICCCM 2026)**

An Objective Essay Scoring And Commentary Generation System With LSTM Model

SCHOLARSHIPS

➤ **Outstanding Performance in Database Design**

Feng Chia University | Dec. 2024

➤ **Outstanding Performance in Decision & Data Analysis**

Feng Chia University | Dec. 2025

CERTIFICATIONS & LANGUAGE

➤ **Google Data Analytics Professional Certificate**

Google / Coursera | Mar. 2026

➤ **Microsoft AI & ML Engineering Certificate**

Microsoft / Coursera | Apr. 2026

➤ **AIA Talent Certification in AI Literacy (AIATCL)**

Taiwan AI Academy | Score: 95 | Apr. 2026 – Apr. 2028

EXTRA ACTIVITIES

Industrial Engineering and Systems Management Student Association

Activity Team Manager | Feng Chia University

- Coordinated department events with **100+ participants** by managing workflows, staff assignments, venue setup, and on-site operations, demonstrating leadership, communication, and problem-solving skills.
