My Portfolio: <https://my-portfolio-three-sooty-77.vercel.app>

PROFILE

AI / NLP Engineering and **Data Analysis** candidate with hands-on experience in Python, SQL, LLM fine-tuning, knowledge distillation, and data pipeline development. Experienced in building **NLP** systems for **marketing copy generation**, **intent classification**, and **QA generation**, with measurable outcomes in model performance and research publication.

EDUCATION

Feng Chia University

B.S. in Industrial Engineering and Systems Management

Feng Chia University | Sep 2022 – Jun 2026

GPA: 3.9 / 4.3 | Expected Graduation: Jun 2026

4+1 Bachelor's–Master's Program

WORK EXPERIENCE

Research Assistant – Code Annotation Generation using Myers Diff and LLaMA 3 Aug 2025 – Present

- Supported an AI research project for automated code-change annotation generation by integrating Myers Diff Algorithm, deep learning classification, and LLaMA 3.
- Processed GitHub code-change data using Python, including before-and-after code extraction, diff block identification, and structured dataset preparation for model training.

Teaching Assistant – Decision & Data Analysis

Sep 2025 – Jan 2026

- Guided students in applying data preprocessing, exploratory analysis, model building, and performance evaluation techniques to complete analytical assignments.
- Explained analytical results and technical concepts in an accessible way, helping students translate data insights into practical decision-making recommendations.

Teaching Assistant – Database Management System and Design

Feb 2025 – Present

- Guided students in designing relational databases and writing SQL queries for structured data storage, retrieval, and management.
 - Explained database concepts and SQL operations through hands-on exercises, helping students strengthen practical data management skills.
-

PROJECTS

A Personalized Marketing Copy Generation System Based on LLaMA 3 Model

- Fine-tuned **LLaMA 3 8B** with QLoRA on **78K marketing text samples** using Python to build a personalized marketing copy generation system.
- Evaluated generation quality using BLEU, METEOR, and human assessment, achieving BLEU-3 18.92, BLEU-4 14.44, METEOR 23.62, and human scores of 0.89 fluency, 0.87 diversity, 0.80 relevance, and 0.85 attractiveness.

Intent Classification & QA Generation with Gemma 4 and Knowledge Distillation | Ongoing

- Developed an end-to-end NLP pipeline for intent classification and QA generation using BERT-BiLSTM, Gemma 4, and teacher-student knowledge distillation, improving classification performance to **96.22% accuracy** and **96.20% F1-score**.
- Cleaned, filtered, and formatted 69K high-quality QA pairs, then fine-tuned Gemma 4-E4B with QLoRA and Unsloth to support domain-specific response generation.

CONFERENCE EXPERIENCE

- **Best Paper Award – Big Data Technology and Applications Track, 2025 CIIE Annual Conference**
A Personalized Marketing Copy Generation System Based on LLaMA 3 Model
- **The 14th International Conference on Computer and Communications Management (ICCCM 2026) (Accepted)**
An Objective Essay Scoring And Commentary Generation System With LSTM Model

SKILLS

- **Programming:** Python, SQL, R
- **Data Analysis:** Data Cleaning, Data Preprocessing, Statistical Analysis, Data Visualization, Model Evaluation
- **Database:** SQL Server, Relational Database Design, Structured Data Management
- **Machine Learning:** Deep Learning, Classification Models, Feature Engineering, Feature Selection, Model Training
- **NLP & LLMs:** Text Classification, QA Generation, LLM Fine-tuning, Prompt Engineering, Knowledge Distillation, QLoRA
- **Data & Text Mining:** Text Preprocessing, Feature Extraction, Topic Modeling, Clustering Analysis, Semantic Similarity Analysis
- **Tools:** PyTorch, Hugging Face Transformers, Unsloth, Pandas, NumPy, Linux, Jupyter Notebook

CERTIFICATIONS

- **Google Data Analytics Professional Certificate**
Google / Coursera | Mar. 2026
- **Microsoft AI & ML Engineering Certificate**
Microsoft / Coursera | Apr. 2026
- **AIA Talent Certification in AI Literacy (AIATCL)**
Taiwan AI Academy | Score: 95 | Apr. 2026 – Apr. 2028

SCHOLARSHIPS

- **Outstanding Performance in Database Design**
Feng Chia University | Dec. 2024
- **Outstanding Performance in Decision & Data Analysis**
Feng Chia University | Dec. 2025

EXTRA ACTIVITIES

Industrial Engineering and Systems Management Student Association

Activity Team Manager | Feng Chia University

- Coordinated department events with 100+ participants, managing workflows, staff assignments, venue setup, and on-site operations while strengthening teamwork and communication skills.
- Strengthened teamwork, communication, leadership, and problem-solving skills through cross-functional event planning and execution.
